# To support your child's learning at home:

- Set up a quiet learning environment to work in with other family members around.
- Encourage your child to make good choices and be responsible for their own learning.
- Establish routines and high expectations to engage with learning and take regular breaks.
- Celebrate their achievement when completing set tasks.

# Step 1

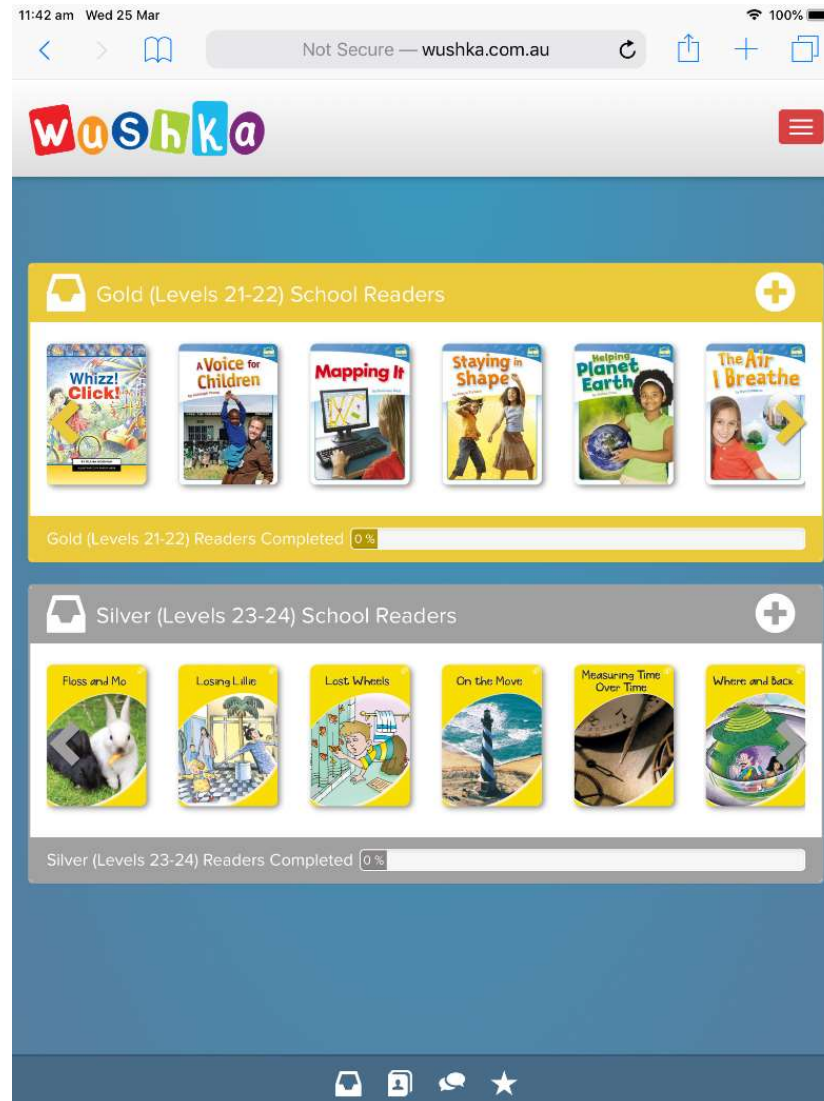

Log onto Wushka with your username and password.

Your child's username and password will be on the first page of their student planner. If you need support, please open Compass and click on the "Email Teacher" button. Your message will be sent directly to your child's classroom teacher and they will reply within a timely manner.

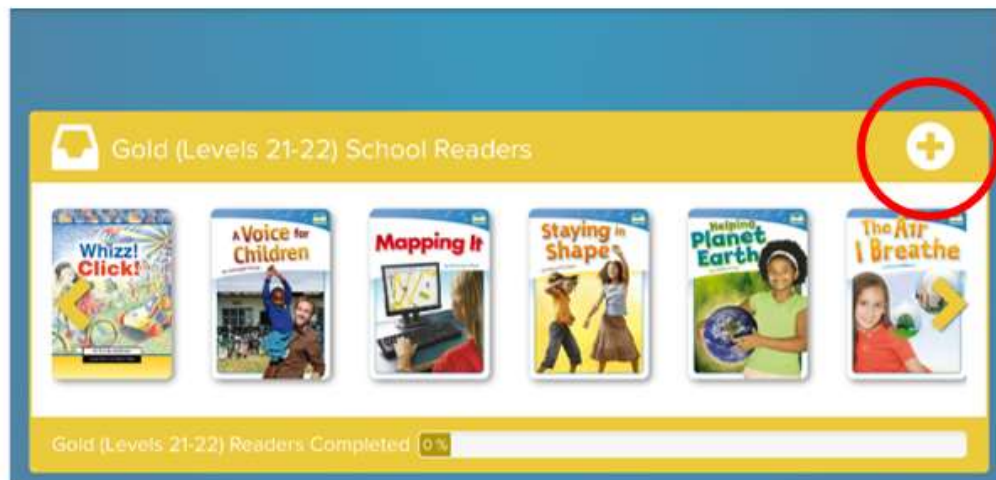

The screenshot shows a mobile browser interface for the Wushka website. The address bar displays "wushka.com.au". The Wushka logo is visible at the top, with the tagline "Learning to Read • Reading to Learn". Below the logo is a "Login" form with two input fields: "Username" and "Password". A red "Login" button is positioned below the password field. A link for "Lost your password?" is located at the bottom of the form.

You will see the books/texts that your child's teacher has assigned on this screen.
