

Truganina College - School Council Report – March 2021

Dear Parents,

It has been a pleasure to hold on my position as well as my duties towards the parent school council Committee within the past 2 years. I would like to thank the support of the parents, staff and the committee to the development of Truganina P9 College through the hard time of COVID, we managed to produce or exceed our expectations to meet the value and mission statement of our committee.

I am grateful for the opportunity that I was given, in making important decisions like approving budget, policies, camps, and more.

It is with great pleasure that I hand over my duties to Mrs Dhara Dhabhi who will keep on the work of the committee.

Pooja Parmar
