

Predicting

Year 5 - 9 student work sample

This student used the strategy predicting to make an educated guess about what is going to happen next in the story. The student used their prior knowledge, clues from the story and world knowledge to make a sensible prediction.

Years 5-9

What do you think is going to happen next? Why?

- I predict that Count Olaf will come disguised again because he has come in every other story so far. He might try and steal the orphans away, or take their money.
- I think he might disguise himself as a door man. I predict this because Gerome says he won't let anyone in that looks like Count Olaf, but a door man would be a good disguise in a penthouse.
