

Truganina College – School Council Report – May 2018

School Council met recently on Monday 30th April. This school council report will reflect some of the agenda items that were discussed at the meeting.

1. Mother's Day stall

With Parents support, Truganina College runs various fundraising events throughout the year to raise funds for the upcoming school playground. Mother's Day stall was held on 8th, 9th and 10th of May 2018. A massive thank you to all those families who have supported us by volunteering during Mother's day stall.

2. Student Attendance

We discussed the attendance data at Truganina College, highlighting that the staff and community must be aware that every day counts in achieving learning goals. It is important for achieving learning goals that students are at the college every day. The content covered every day is continually built upon across the days, weeks and years at school. By the end of each year level, students are expected to know, understand and apply a wide range of skills. Kindly make necessary arrangements that your child is at school on time everyday.

3. NAPLAN

The National Assessment Program- Literacy and Numeracy (NAPLAN) tests for Year 3, 5, 7 and 9 students will be held next week. The tests will be conducted on Tuesday 15th, Wednesday 16th and Thursday 17th May 2018. We wish all our students completing NAPLAN every success.

4. Soundgarage

Soundgarage is offering contemporary music classes during the school day. Children are enjoying learning new skills and building their self-confidence by participating in a variety of performances such as joining the Singing and Performance SAP program, keyboard, drums and guitar lessons. If you would like more information, please contact the office.

5. Curriculum Days

The staff at Truganina College will be continuing their professional development on 24th and 25th May 2018. The curriculum days are designed for professional learning of the staff, curriculum development, student assessment and reporting. No students are required at school on these days.

6. School Council Governance

The school council members are actively involved in the School Council governance program. Good governance enables school councils to effectively perform their functions and meet their objectives, to act with integrity, and to respond strategically to changing demands and educational challenges.
